EXPERIENCE

Mighty Studios – *David's Mighty Men (WIP)* – Creative Director, Programmer, UI Designer Sep 2025 – Present

- Programmed player movement and combat, complete with attack variations, combo chains, and special abilities
- Implemented UI elements with KBM and controller compatibility, ensuring seamless player interaction
- Led a team of six from concept to vertical slice, directing overall vision for a biblically inspired hack and slash
- Produced design documentation including GDD, ASG, Gantt Chart, Product Backlog, and Playtesting Report Forms

FishCat Studios – *Fishy Business* – Producer, UI Designer Sep 2025 – Dec 2025

- Implemented mobile game UI elements including shop system, HUD and upgrade menus for a fish tower defense app
- Achieved touch functionality and made proper dimensions to fit on phone screens, providing player with ease of navigation
- Developed design documentation including GDD, ASG, Product Backlog and Team Contract
- Created development timeline with 10+ milestones met per department to maintain tight deadlines

Beans and Parm Studios – *On Your Feet! (WIP)* – Creative Director, Level Designer June 2025 – Present

- Built soccer-based levels in a 2D platformer with mechanics centered around iconic skills from the sport
- Designed engaging puzzles and platforming challenges with a soccer ball twist, driving player engagement
- Conducted playtesting sessions with formalized documentation and iterated on feedback
- Presented new features per level such as items, enemies, and scoring systems with an appropriate difficulty curve that lead to enhanced replayability and mastery of mechanics

Grow Goodness LLC – Internship – Creative Team Member, Assistant June 2024 – Aug 2024

- Collaborated with the creative team to produce multimedia content, including graphics, videos, and creative brand designs
- Engaged with online communities and managed social media accounts to enhance brand presence and drive user engagement
- Assisted in coordinating and executing digital campaigns, including scheduling posts and managing content calendars
- Aided in the creation and management of digital content across various platforms, including social media and web advertisements
